

## **Tournament Guidelines COVID-19 Restrictions**

Tournaments may proceed under the following guidelines:

- Tournament Director provides a complete roster list of tournament participants (name and phone #) to the Golf Supervisor. This information will be kept on file for COVID-19 contact tracing as required by New York State.
- Based on the amount of golfers submitted for the tournament, the Golf Supervisor will designate the appropriate number of tee times.
- The Tournament Director is responsible for assigning group tee times to their golfers. Tournament golfers are expected to arrive **no earlier than 20 minutes prior to their tee time.** This is to avoid congregating in large gatherings.
- Due to limited cart availability, carts will not be available/assigned to golfers until no earlier than 20 minutes prior to their tee time.
- If applicable, the Tournament Director must make appropriate arrangements with Fairways Restaurant for any after-golf dining or gatherings.
- Large post-golf gatherings will not be permitted on the course premises.
- All golfers must wear masks at the time of check-in and while riding in a cart with a non-family member.
- All golfers must follow proper social distancing guidelines while on the course.
